

Logical View

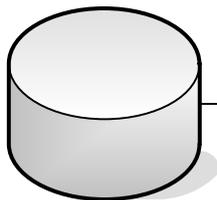

Ohio Recovery Sharepoint Site

- Hosted by OIT
- Administered by Eric James
- Tracks programs from application to award

OBM Recovery Sharepoint Site

- Hosted by OIT as a sub-site of the main Ohio Recovery Sharepoint site.
- Administered by Nick Spring
- Tracks programs from award forward.
- Used to collect non-GL data such as award letters, certificates, assurances, section 1512 data, etc
- Single point of entry for program owners to enter data and view GL reports.

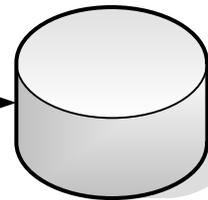

Peoplesoft (OAKS)

- Contains all of the GL Data
- A batch process will execute a SQR to create the data file.
- The data file will be transferred to OBM through a secured FTP process

GL Reports for Program Owners view

OBM Backend Firewall

OBM Data Warehouse

- Hosted by OBM
- Collects, processes and stores data from all sources

OBM Web Server

- Hosted by OBM
- Provides external access to data via web pages, web services or other API's
- The GL Program reports that are displayed in the Sharepoint Portal are generated and hosted here.
