

Role and Overview

The Ohio State Board of Sanitarian Registration (SAN) was established in 1977 to ensure that those who are licensed by the board meet certain minimum education and training criteria to safely protect public health in Ohio. The board then monitors those licensees to ensure compliance with the laws in the Ohio Revised Code. The board's annual budget of slightly more than \$138,500 supports one full-time staff member and one part-time staff member in addition to seven board members. The board licenses approximately 1,300 registered sanitarians, 230 sanitarians-in-training, and 100 approved training agencies. Additional information regarding the Board of Sanitarian Registration is available at: <http://sanitarian.ohio.gov/>.

Turnaround Ohio Initiatives

- Utilize the existing technology available to all boards and commissions to ensure more individuals are able to readily apply for registration as a sanitarian and enter the workforce to contribute to Ohio's economy.

Agency Priorities

- Ensure the safe and educated practice of environmental health for the consumers of environmental health services.
- Monitor and regulate the training agencies approved by the board to ensure they are providing quality continuing education programs.
- Increase the public and registrants' awareness of the ability to use on-line technology to allow for increased and more effective communication with the board.
- Collaborate with other state agencies, boards, and commissions on common problems regarding the regulation of the practice of environmental health.

PROGRAM SERIES 01: Regulation

This program series ensures the health, safety, and general welfare of citizens of the state through oversight of the regulated profession.

Program 01.01: License/Registration/Enforcement

This program includes all operations of the Board of Sanitarian Registration including examination administration, monitoring of continuing education requirements, and investigation of complaints filed with the board.

The Executive Recommendation will:

- Support the operation of the Sanitarian Registration Board;
- Allow the Sanitarian Registration Board to begin the development and implementation of online renewal, acceptance of credit card payments, and online applications for registration; and
- Regulate and renew approximately 1,500 registrants and 150 training agencies during the biennium.
