

Board of Speech-Language Pathology and Audiology

Role and Overview

The Board of Speech-Language Pathology and Audiology (SPE) was established to ensure that those who are licensed by the board meet certain minimum education and training criteria to safely practice speech-language pathology and audiology in Ohio. The board then monitors those licensees to ensure compliance with the laws and rules of the state. The board’s annual budget of slightly more than \$430,000 supports a staff of four in addition to the eight board members. SPE has approximately 6,200 licensees. More information about the Board of Speech-Language Pathology and Audiology is available at <http://slpaud.ohio.gov/>.
