The Honorable Bob Taft, Governor

Except as discussed in the following paragraph, we conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the reports of the other auditors provide a reasonable basis for our opinions.

The financial statements of the Ohio Bureau of Workers' Compensation and Industrial Commission of Ohio have not been audited. This audit was commenced but not completed by other auditors. The Ohio Bureau of Workers' Compensation and Industrial Commission of Ohio comprise the Workers' Compensation Enterprise Fund, a major fund for the State of Ohio, and represent 87 percent and 44 percent of the total assets and total revenue, respectively, of the business-type activities financial statements. Because the Ohio Bureau of Workers' Compensation and Industrial Commission of Ohio's financial statements have not been audited, the scope of our work was not sufficient to enable us to express, and we do not express, an opinion on the financial statements of Workers' Compensation Enterprise Fund and the business-type activities financial statements for the year ended June 30, 2005.

In our opinion, except as we are unable to express, and we do not express an opinion upon the Workers' Compensation Enterprise Fund and upon the business-type activities financial statements, as described in the preceding paragraph, based upon our audit and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, aggregate discretely presented component units, each major fund, and aggregate remaining fund information of the State of Ohio as of June 30, 2005, and respective changes in financial position and respective budgetary comparisons for the general and major special revenue funds thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As described in Note 2, during the fiscal year ended June 30, 2005, the State of Ohio adopted Governmental Accounting Standard Board's Statement No. 40, *Deposit and Investment Risk Disclosures*.

The Management's Discussion and Analysis and Infrastructure Assets Accounted for Using the Modified Approach, as listed in the table of contents, are not a required part of the basic financial statements but are supplementary information accounting principles generally accepted in the United States of America requires. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

We conducted our audit to opine on the financial statements that collectively comprise the State's basic financial statements. The introductory section, combining fund statements, individual fund schedules and statistical tables provide additional information and are not a required part of the basic financial statements. We and the other auditors subjected the combining fund statements and individual fund schedules to the auditing procedures applied in the audit of the basic financial statements. In our opinion, based on our audit and the reports of the other auditors, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole. We did not subject the introductory section and statistical tables to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.
