INDEPENDENT ACCOUNTANTS' REPORT

The Honorable John Kasich, Governor
State of Ohio
Columbus, Ohio

We have audited the accompanying financial statements of the governmental activities, the business-type activities, aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the State of Ohio (the State), as of and for the year ended June 30, 2012, which collectively comprise the State's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the State's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the following organizations:

Primary Government: Office of the Auditor of State; Ohio Bureau of Workers' Compensation and Industrial Commission of Ohio; Office of Financial Incentives; State Treasury Asset Reserve of Ohio; Treasurer of State Lease Revenue Bonds; and Tuition Trust Authority.

Blended Component Units: Ohio Building Authority and State Highway Patrol Retirement System.

Discretely Presented Component Units: Bowling Green State University; Central State University; Cleveland State University; Kent State University; Miami University; Ohio State University; Ohio University; Shawnee State University; University of Akron; University of Cincinnati; University of Toledo; Wright State University; Youngstown State University; Cincinnati State Community College; Clark State Community College; Columbus State Community College; Edison State Community College; Northwest State Community College; Owens State Community College; Southern State Community College; Terra State Community College; Washington State Community College; Ohio Capital Fund; and Ohio Water Development Authority.

In addition, we did not audit the financial statements of the Public Employees Retirement System, Police and Fire Pension Fund, State Teachers Retirement System, and School Employees Retirement System, whose assets are held by the Treasurer of State and are included as part of the State's Aggregate Remaining Fund Information.

These financial statements reflect the following percentages of total assets and revenues or additions of the indicated opinion units:

Opinion Unit	Percent of Opinion Unit's Total Assets	Percent of Opinion Unit's Total Revenues / Additions
Governmental Activities	2%	1%
Business-Type Activities	95%	38%
Aggregate Discretely Presented Component Units	98%	94%
Aggregate Remaining Fund Information	95%	15%
Workers' Compensation	100%	100%

Those financial statements listed above were audited by other auditors whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for these independently audited organizations, is based on the reports of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit and the reports of the other auditors provide a reasonable basis for our opinions.

In our opinion, based upon our audit and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, aggregate discretely presented component units, each major fund, and aggregate remaining fund information of the State of Ohio, as of June 30, 2012, and the respective changes in financial position and cash flows, where applicable, and the respective budgetary comparisons for the General and major special revenue funds for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we are issuing our report dated March 21, 2013 under separate cover with the State of Ohio Single Audit report, on our consideration of the State's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require this presentation to include *Management's Discussion and Analysis* and the *Required Supplementary Information's Infrastructure Assets Accounted for Using the Modified Approach*, as listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any other assurance.

We conducted our audit to opine on the financial statements that collectively comprise the State's basic financial statements taken as a whole. The introductory section, combining fund statements, individual fund schedules and statistical section provide additional information and are not a required part of the basic financial statements. The financial section's combining statements and individual fund schedules are management's responsibility, and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. We and the other auditors subjected the combining fund statements and individual fund schedules to the auditing procedures applied in the audit of the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this information directly to the underlying accounting and other records used to prepare the basic financial statements, or to the basic financial statements themselves, in accordance

with auditing standards generally accepted in the United States of America. In our opinion, based on our audit and the reports of the other auditors, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole. We did not subject the introductory section and statistical section information to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion or any other assurance on them.
