

State Board of Registration for Engineers and Surveyors

Role and Overview

The State Board of Registration for Engineers and Surveyors (ENG) was established to ensure that those who are licensed by the board meet certain minimum education and training criteria for practicing engineering and surveying in Ohio. The board then monitors those licensees to ensure compliance with the laws and rules of the state. ENG issues and maintains nearly 35,000 licensees.

Additional information about the State Board of Registration for Engineers and Surveyors is available at <http://www.ohiopeps.org/>.

Agency Priorities

- Protect the safety and welfare of the citizens of Ohio by administering Chapter 4733 of the Revised Code to ensure that only qualified individuals with specialized knowledge and skills engage in the practice of engineering and surveying.
- Enforce established standards for licensure and registration of professional engineers and surveyors through examination, investigation, and continuing education.
- Continue communication with accredited engineering and surveying programs at Ohio universities in partnership with the National Council of Examiners for Engineering and Surveying (NCEES).
- Implement electronic payment of license renewal, expedite examination scoring through coordination with NCEES, and continue website enhancement to provide users with on-line applications, verifications, and instructions.
